

WHOLE BODY DONATION

DEPARTMENT OF ANATOMY-AIIMS MANGALAGIRI

INFORMATION TO THE DONORS FOR WHOLE BODY DONATION

1. Department of Anatomy, All India Institute of Medical Sciences Mangalagiri, accepts donation of body after death for teaching and scientific advancement.
2. Donors who are willing to donate their body after death must discuss about their wish with their immediate family members and other relevant people, before making the decision.
3. To obtain willingness of body donation, an application (Body Donation Form) is available in the Institute website and Office of Department of Anatomy, AIIMS Mangalagiri, which is located in the first floor of medical college Building.
4. The Body Donation Form duly completed by the donor should be returned to the Office of Department of Anatomy, AIIMS Mangalagiri, for registration.
5. Donor Card will be issued after registration of the individual.
6. **Documents to be submitted at the time of registration of Body Donation**
 - Form I - Duly filled Body Donation Form along with the witness signature of next of Kin (near relative).
 - A passport size photograph.
 - Identify proof of the donor (Voter card/Aadhar card).
7. Unregistered body donations will also be accepted with prior intimation to the Office of Department of Anatomy, soon after the death of an individual
8. After the death of the donor, it is the responsibility of the relatives of the deceased (donor) to inform the Department of Anatomy, AIIMS Mangalagiri, about the death and discuss the procedure of donation with the faculty of Department of Anatomy.
 - a. **Timings: Monday–Friday: (08:30 AM – 04:30PM)**
 - b. **Saturday: (08:30 AM – 01:00 PM)**
9. If, the body is accepted for donation, then the family members of the deceased are requested to bring the body on their own to AIIMS Mangalagiri.

10. **Please note that the donation of the body may not be accepted**, if the donor has the following conditions: HIV, infective hepatitis, active tuberculosis, sepsis, gas gangrene, tetanus infection, putrefied bodies, COVID-19 positive, body after road traffic accident, medico-legal case or any other form of unnatural death. Such bodies are a serious health hazard to the medical students and the staff handling them.
11. It is requested that any relative/friend of the deceased discuss the matter with the faculty from Department of Anatomy, at the time of death. After the faculty is satisfied with the information about the cause of death and the condition of the body etc., the donation will be accepted.
12. **Documents to be submitted at the time of handing over the body by the legal heir / near relatives/next of kin. (Registered donors and Unregistered donors)**
 - a. Consent (Form-II) and undertaking (Form-III) by the applicant with Identify proof (Voter ID / Aadhar card) of legal heir/next of kin/near relatives of the deceased, who are present at the time of hand over of body to the Department of Anatomy AIIMS, Mangalagiri.
 - b. Medical Certificate of cause of Death by registered medical practitioner (Form 4 – for Institutional (Hospitalised) deaths or Form 4A – For Non-institutional deaths).
 - c. Identity proof of the deceased donor (Voter ID / Aadhar card).
 - d. Death certificate from municipality / panchayat (to be submitted within 1 month from date of donation).
 - e. Brief Medical history of the Donor (Form-V).
13. The dead body/cadaver should be brought to the Department of Anatomy during above mentioned timings. The information of death should be shared with the Department of Anatomy, as early as possible, so that the Department can make necessary arrangements for further processing of the body. We request the relatives to make necessary arrangements to bring the body to the Department of Anatomy AIIMS, Mangalagiri.
14. The body may either be used immediately or preserved for variable periods of time for future use. After full utilization, the remains will be scientifically disposed.
