PROPRIETARY ARTICLE CERTIFICATE

It is certified that the Article/Equipment '**Flow Sensor**' required in the P-2 form should be purchased from **M/S. Acutronic Medical Systems AG, Switzerland**. To the best of my Knowledge "Flow Sensors" are essential accessories of Ventilator are proprietary items of "**ROHANIKA ELECTRONIC AND MEDICAL SYSTEMS**" with registered address **C-49, Okhla, Phase-1, New Delhi 110020** are the sole distributors of sole manufacturers – **M/S VYAIRE Medical Inc.**, having registered office at **26125 N Riverweeds Blvd Mettawa, IL 60045, USA** (having business rights & control of **M/S. Acutronic Medical Systems AG, Switzerland**) is authorized distributor for supplies.

No other Make/Brand will be suitable for our purpose for the following reasons:

a. The equipment requires a specific model flow sensor for proper calibration and accurate measurement. If an alternate model flow sensor is used, calibration cannot be performed correctly, which may affect the functioning and reliability of the equipment. Hence, procurement of the same/specified model flow sensor is recommended.

These Features are important for maintaining integrity and reliability of results with minimal manual intervention and least possible turn around time and to the best of knowledge are not available in any other product.
