1. Introduction:

The All India Institute of Medical Sciences, Mangalagiri offers comprehensive research programs leading to the award of the Doctor of Philosophy (Ph.D.) degree. These programs are designed to foster high-quality research that contributes to the advancement of scientific knowledge and innovation. Research undertaken as part of the Ph.D. program may involve the development of novel interventions, evaluation of emerging scientific concepts, or exploration of fundamental biological processes.

The Doctor of Philosophy (Ph.D.) degree is awarded to candidates who successfully complete original research and submit a thesis in accordance with the prescribed regulations. The research may be conducted within a specific discipline or through a multidisciplinary approach and should contribute significantly to the growth of knowledge in medical and interdisciplinary sciences. It may also focus on developing innovative applications of existing knowledge that have the potential to improve healthcare and benefit society.

The primary goal of the Ph.D. program is to nurture competent researchers and scientists capable of addressing contemporary challenges in Medical, Nursing, and Allied Health Sciences. The Institute provides an intellectually stimulating research environment supported by state-of-the-art infrastructure, advanced laboratories, modern equipment, and experienced faculty, enabling scholars to undertake impactful research aligned with the needs of the 21st century.
